**openflexure-simple-illumina...**  
gitlab.com / openflexure  
Simple illumination for the OpenFlexure microscope. This is simply a mounted LED and ...

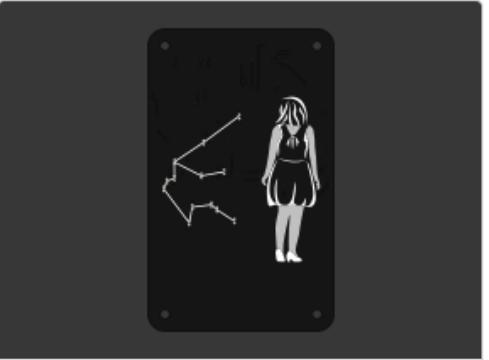

**ESPTINY86\_MixtapePCB**  
github.com / 8BitMixtape  
ESPTINY86 – WiFi 32Bit Mixtape AVAILABLE NOW!!! Make sure you get this first edition!...

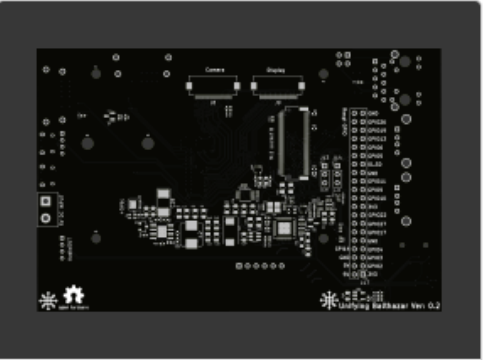

**OtterCastAudioV2**  
github.com / Ottercast  
OtterCast is an open-source audio streaming device running Linux. Based on a Sochip S...

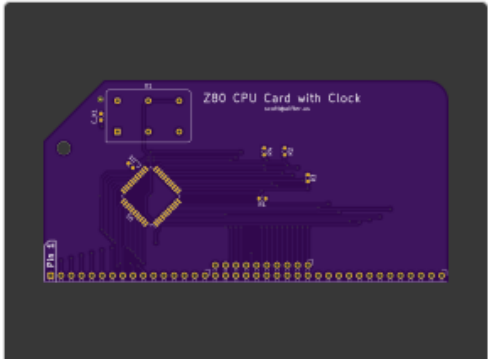

**push-on-hold-off**  
github.com / kasbah  
Simple power switch using a push button. Push to turn on, hold to turn off.

**Aquarius**  
github.com / LincolnUehara  
Portrait-like PCB with constellation blinking randomly

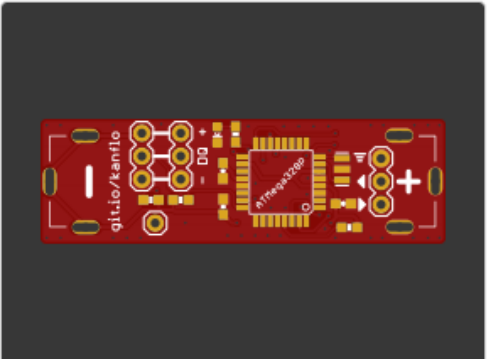

**Unifying-PCB**  
github.com / balthazar-space  
Unifying PCB expansion for Balthazar

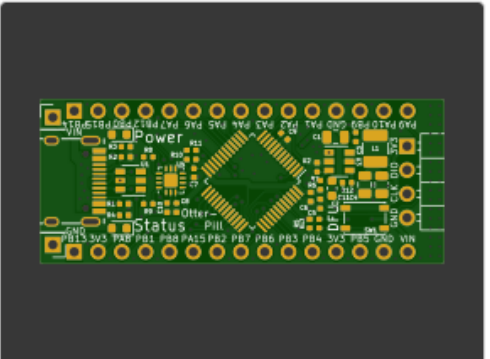

**z80-cpu**  
gitlab.com / salfter  
RC2014-compatible Z80 CPU board

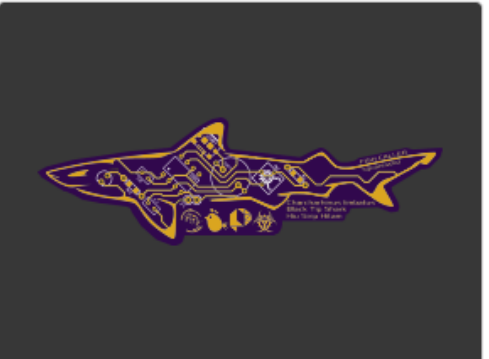

**b-parasite**  
github.com / rbaron  
🌱💧 An open source soil moisture sensor.

**aarduino**  
github.com / kanflo  
An AA sized ISM radio Arduino clone

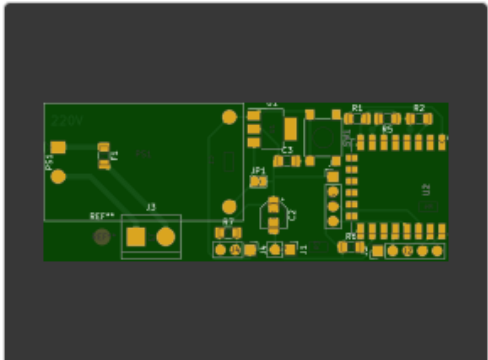

**OtterPill**  
github.com / Jana-Marie  
stm32f072 dev board with arduino nano alike pinout

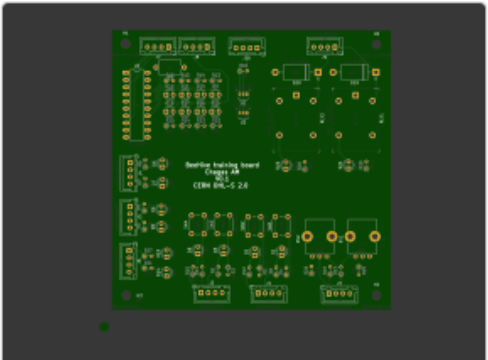

**fish-caller**  
github.com / squaresolid  
Circuit for FISHING!

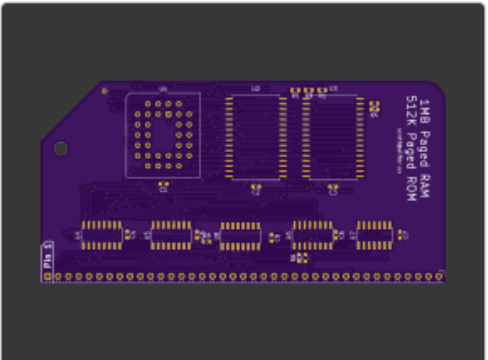

**teensy-audio-fx**  
github.com / mattvenn  
Playable effects modeled on the Teenage Engineering Pocket operator series. Featuring...

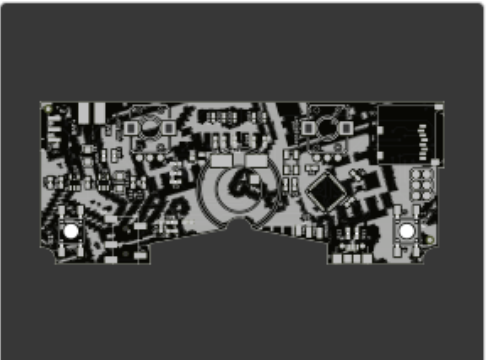

**ESP8266-PowerMonitor**  
github.com / jasiek  
ESP8266-based power monitor (pulse counter) with ESPEasy/HomeAssistant compatibility

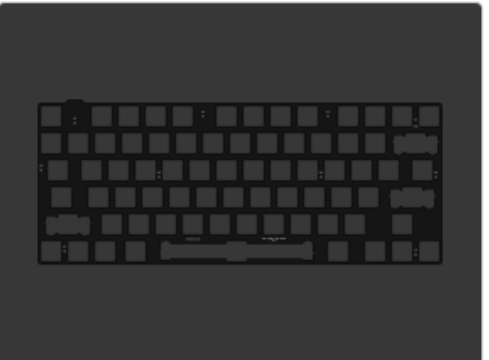

**testing\_board**  
github.com / BeeHive-org  
A training board for users to practice programming

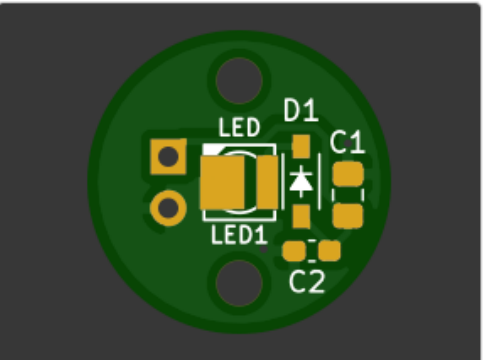

**paged-rom-ram-1mb**  
gitlab.com / salfter  
paged 1 MB SRAM/512K flash

**NextLevelEdition**  
github.com / 8BitMixtape  
8-BitMixtape NextLevelEdition

**top-plate**  
github.com / bschwind

**ofm\_cc\_illumination\_single**  
gitlab.com / openflexure  
Constant current illumination board for the Openflexure Microscope.
